

Goat Anti-E. coli clonal strains HCP polyclonal antibody (DPAB-JXL23236)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Immunogen	E. coli DH5, JM109, TOP10 strains
Isotype	IgG
Source/Host	Goat
Species Reactivity	E. coli
Purification	Affinity chromatography
Conjugate	Unconjugated
Applications	IA Each laboratory should determine an optimum working titer for use in its particular application. Other applications have not been tested but use in such assays should not necessarily be excluded.
Format	Purified, Liquid
Concentration	Lot specific
Size	1 mg
Buffer	PBS
Storage	Store at -20°C. Avoid multiple freeze-thaw cycles.
Ship	Wet ice

BACKGROUND

Introduction

Host cell proteins (HCPs) are process-related protein impurities that are produced by the host organism during biotherapeutic manufacturing and production.
